Dag 3	
Controle plantje	 The 'Controle plantje' section contains several hand-drawn sketches in orange and red ink. On the left, there is a tall, thin stem with a large, circular, scribbled top. To its right, there are smaller, more abstract shapes, including a small red flower-like form and a thin stem with a small red dot at the top. Further right, there is a cluster of orange scribbles.
Experiment plantje	 The 'Experiment plantje' section features a long, thin orange stem on the left side. To the right, there are several blue ink sketches. These include a series of geometric shapes (squares, triangles, and circles) arranged in a row, a blue arrow pointing upwards, and a larger, more complex blue scribble at the bottom right. A small, rectangular, textured object is also visible near the bottom center.
